

Shortcuts

by Dick Evans www.rwevans.com

When using shortcuts remember to hold down all but the last key on the keyboard, then tap the last key, and then release the others.

Using Internet Explorer (the browser to access web sites on the Internet)

F11	Full Screen (tap it again to turn off full screen)
F1	Help
Ctrl +	Increase size of the page you are viewing
Ctrl -	Decrease size of the page you are viewing
Ctrl 0	Return size of the page you are viewing to normal
Windows	Opens the Start menu
Scroll Button	Use the scroll button on the mouse to move the page up and down
Ctrl Home	Top of page
Ctrl End	Bottom of page
